

ARRC offices and the shipboard safety management system strictly comply with the shipping industry's highest standards, requirements of the classification society and flag state rules. ARRC's operations strictly adhere to the company's safety policies and a high level of environmental protection.

All employed ships meet the requirements of international conventions and IMO resolutions, including SOLAS-74 and MARPOL-73/78 Conventions, which allow the Line to operate in all regions of the world.

All ARRC vessels are equipped with state-of-the-art radio communications, radar (ARPA & ECDIS) and navigational devices ensuring safe passage and peace of mind.

Experienced masters and crew along with the guidance provided by [Weathernews America](#) guarantee the highest possible safety for the cargo in transit.

Atlantic Ro-Ro Carriers Inc. is certified as a participant in the US Customs Trade Partnership Against Terrorism (C-TPAT). C-TPAT establishes a cooperative relationship between Customs and the trade community that will straighten the overall U.S. supply chain and border security. This program is managed by U.S. Customs and Border Protection (CBP) [www.cbp.gov/xp/cgov/trade/cargo\\_security/ctpat/](http://www.cbp.gov/xp/cgov/trade/cargo_security/ctpat/)

ARRC's SVI (Status Verification Interface) number is e33bf88c-70a7-49c0-8db6-d5f24646ca9b
